Russell,

There are no words adequate to express my satisfaction and relief with the well nigh impossible resolution you orchestrated in my DUI case. While I do take credit for strictly following all pre-trial "suggestions" made by you, I never even allowed myself to fantasize that I would leave the Courthouse in even better shape than you had braced me for the preceding day. Please accept my heartfelt THANKS for both the judicial outcome and also the impetus and motivation to reconnect with the sober life I had been living until my Mother perished in 2010.

If ever I can be of assistance to you in the future, rest assured I shall attempt to emulate the near perfection you showed in handling my legal issue. For this reason, I cheerfully encouraged my 'significant other' to retain your services on a very different matter.

For those with morbid curiosity; I departed the Court after my 8th lifetime arrest for DUI with:

- a.) No Jail Time
- b.) No Community Service
- c.) Minimal Fine as a 1st Offender
- d.) 120 day Driver's License restrictions
- e.) 1 year non-reporting Probation

If this humble expression of gratitude has been posted under Testimonials and you've read it this far, then stop wallowing in self-pity and confusion and call 770-822-0448 right now to schedule an appointment and begin working on your solution today!

Cordially,

John M.
