

1/22/14

Dear Mr. Bryant,

**Thank you so much for your help in representing me in the speeding case. You made the process extremely clear and understandable to me. Being a teen and having never been to court, I was extremely nervous and you helped me to understand the process as well as offering great advice to get the case finished quickly resulting in such a successful outcome! You were furthermore extremely prepared, knowledgeable about the laws, and obviously had much experience in the law field. I can't thank you enough and I will definitely recommend your services to my friends and family!**

Thank you again so much,

Lisa Gatlin

**Note: Under 21 yr old client with Speeding charge > 24 mph over the posted limit. As charged, client would have lost her driver's license and paid a high fine. Mr. Bryant worked to have the speed substantially reduced to insure that client's license did not get suspended, but even better - ticket didn't get reported at all!  
End result - no license suspension, no effect on client's insurance, and much lower fine!**
