Russell Bryant has been Partitions Inc. attorney for over eleven years. He has handled a variety of corporate issues as well as providing legal advice and direction. None more important than the guidance and assistance he gave when I purchased Partitions Inc. Russell turned a legal nightmare into an uncomplicated transaction that the seller and I could understand and agree on

He has always been readily available to assist us when we have required legal assistance or advice and guidance

I highly recommend Russell Bryant as attorney to provide cost-effective, prompt and successful legal services. He is also a nice guy who treats his clients with respect.

Best Regards,
